

31 May 1985

NOTE TO: *DDO (New)*

I want to thank you and Ed once again for taking the time to journey to Chamber of Commerce Building last Friday to "press the flesh." It was tremendously appreciated by everybody in the Building, especially by the people in the Language School. You said quite the right things and the informal touches were just perfect. I hope you will consider another visitation sometime in the future.

STAT
STAT

 was sorry to have missed you! Regards.
